Two men are standing in front of a white truck. The man on the left is wearing a black shirt, glasses, and a bright yellow safety vest. He is holding two long wooden planks across his shoulders. The man on the right is wearing a grey button-down shirt with a small 'Bliffert' logo on the chest, glasses, and dark pants. He is holding a single long wooden plank vertically. The background shows the side of a white truck with some text and a barcode.

NARI President's Message

Welcome to the 2026 National Association of the Remodeling Industry (NARI) of Madison Directory. It is an honor to serve as President and to represent the exceptional remodeling professionals who make up our chapter. This directory is designed to be a trusted resource for homeowners and partners seeking skilled, ethical, and reputable professionals in the remodeling industry.

NARI of Madison members represent the best of the best in Dane County and beyond. With over 245 members, we are the third largest chapter in the nation! Every company listed here is committed to upholding NARI's Code of Ethics and our shared commitment to excellence. Our members prioritize integrity, professionalism, continuing education, safety, and the highest standards of craftsmanship and customer service. When you choose to work with a NARI professional, you can move forward with confidence and peace of mind.

This directory highlights a diverse network of general contractors, tradespeople, suppliers, and professional service partners who work collaboratively to deliver successful projects of all sizes. Many of our members are award-winning leaders in the industry, recognized for outstanding residential and commercial transformations.

We also invite you to explore additional resources available through NARI of Madison. Our website features up-to-date member listings, project galleries, Remodeler of the Year (RotY) award winners, event information, and helpful tips to guide you through your remodeling journey. These tools are designed to inspire ideas and connect you with the right professionals for your needs.

www.narimadison.org

Beyond their work, NARI members generously give back through volunteerism, workforce development, and partnerships with local schools and community organizations. This dedication reflects the core values of our chapter and our commitment to strengthening both our industry and our local community.

Thank you for taking the time to review this directory and for considering NARI of Madison and its members. We look forward to serving you and helping bring your remodeling goals to life.

The certification of a remodeling contractor under the certification program of the National Association of the Remodeling Industry (NARI) is the association's recognition that the contractor has met certain criteria for experience, commitment to ethical conduct and professionalism.

Master Certified Remodeler (MCR): a CR of 10+ years who holds another NARI certification and has demonstrated leadership within NARI or within the local community.

Certified Remodeler (CR): a professional remodeler who provides a full range of remodeling services. Candidates must prove they possess skill and knowledge in a broad range of business management and technical skill areas.

Certified Remodeler Specialist (CRS): a professional remodeler who specializes in a specific type of work, such as concrete and masonry, electrical, insulation, mechanical systems, plumbing systems and roofing and siding.

Certified Lead Carpenter (CLC): a hands-on field pro who oversees the technical aspect of the project, including personnel management and material flow while working on the project.

Certified Remodeler Project Manager (CRPM): a pro who oversees every administrative aspect of the project: customer satisfaction, scheduling subcontractors, record-keeping, risk management, and much more. A CRPM may work full time on one project or oversee several at one time, depending on the scope.

Green Certified Professional (GCP): a pro who considers energy efficiency, sustainability and maximizing nature's resources and energy in an efficient and responsible manner, both in the conduct of their business and in design and construction of a client's remodeling project.

Universal Design Certified Professional (UDCP): a pro who handles renovations that are appealing not only for "aging in place," but for anybody who wishes to move about his or her home freely, without barrier and without giving their home that "institutional" look. Families who have members with special needs also benefit from a UDCP.

Certified Remodeling Designers (CRD): are recognized as experienced design professionals dedicated to creating highly functional remodeling designs through close collaboration with project stakeholders and an elevated knowledge of remodeling principles.

We grew up surrounded by spaces that our family's prior generations had put quality time and work into. These spaces were both functional and comfortable to be in, creating countless memories of time spent with friends and family. We wanted to do the same for others. For us, this isn't just about remodeling houses. It's about helping you create a home that will be the backdrop of countless memories with family and friends for generations to come.
