NARI President’s Message

Thank you for your interest in NARI of Madison. We are excited about the coming year, and the many opportunities that our association will be providing to homeowners, tradespeople, and businesses involved with remodeling in the greater Madison area.

NARI remains firmly committed to excellence in the remodeling industry. Our code of ethics is the backbone of our broad commitment to honest marketing and ethical business practices. Remodeling is a large and diverse industry with few barriers to entry. NARI seeks to educate consumers and businesses in our industry, constantly raising the bar through education and advocacy, to help ensure more and more quality remodeling experiences. NARI of Madison contractors are responsible for well over half of all remodeling permits obtained in Madison, but many more projects are done without the proper permits. NARI of Madison seeks to ensure that consumers know what to expect, and what the law requires, which helps to ensure a better remodeling experience and end product.

The NARI of Madison Expo is a great opportunity to meet contractors, suppliers, and other vendors who partner with homeowners to help you to transform your home. Our many seminars and educational resources also strive to promote the best practices in our industry, including not just the best products and design ideas to improve your home, but also the systems and customer service practices which often separate a NARI professional from those who do not take the time to affiliate with our association. Furthermore, the Tour of Remodeled Homes, scheduled to happen on Sunday, May 17, 2020, is a great opportunity to see renovated homes and to meet some of the NARI professionals involved in the process. This is a great opportunity for all to showcase excellence and innovation in our industry. But also, since remodeling is very personal, these events allow homeowners to start to build relationships with the professionals who you may choose to invite into your home if you decide to renovate.

This coming year, NARI of Madison will be promoting all of the great career opportunities which exist within the remodeling industry. Most young people and their parents are unaware of the amazing careers which remodeling offers. Madison College offers an outstanding, local curriculum to train aspiring carpenters, tradespeople, designers, and other remodeling professionals, but most people remain unaware of these opportunities. Remodeling professionals often earn well above median income wages, since these careers are highly valued and in high demand. And the rewards of immediate gratification (seeing the fruits of your labor every day), along with problem solving and creativity, make remodeling a great career option for many. Lastly, remodeling careers can be a great second act for people who want to explore a new career.

NARI provides members with excellent networking opportunities, along with the best marketing opportunities to connect with customers in the area. If you work within the industry, or as a supporting professional, consider joining our association. We are proud to be a welcoming group of people, diverse in our beliefs, but united in our commitment to ethics and excellence.

Whether you are remodeling consumer, business owner, professional, or an interested do-it-yourselfer, thank you for your interest in our association, and please let us know how we can serve you.

NARI of MADISON FOUNDATION INC. a 501c3 corporation, was established in 2012 by a group of dedicated NARI Professionals who are committed to the growth and development of the next generation of skilled construction trade professionals. Although a separate entity from NARI of Madison, we share a common mission to elevate the entire remodeling industry through educational endeavors and professional development.

OUR MISSION

To raise funds and provide opportunities for programs and scholarships to support education in the remodeling industry. With the generous support of NARI of Madison and community members, we have helped fund scholarships for students of the Construction and Remodeling and Interior Design Programs at Madison College. We look forward to continuing to serve our mission and providing additional opportunities in the future. Fundraising is ongoing and we are always looking for fundraising ideas or potential educational programs to help further our mission. If you have an idea for us, please contact any of the directors or the NARI office at nari@narimadison.org or 608-222-0670.

VIEWED TO BE THE BEST. 

Who is NARI?

The National Association of the Remodeling Industry is dedicated to advancing and promoting the remodeling industry's professionalism, products and vital public purpose.

As the voice of the remodeling industry, NARI has an inclusive, encompassing purpose:

- To Establish** and maintain a firm commitment to developing and sustaining programs that expand and unite the remodeling industry;
- To Ensure** the industry's growth and security;
- To Encourage** ethical conduct, sound business practices and professionalism in the remodeling industry;
- To Present** NARI as the recognized authority in the remodeling industry.

Members of NARI are full service contractors, design-build firms, manufacturers, suppliers, distributors, subcontractors, lenders and other related professionals who work in the remodeling field.

NARI is committed to education for both trade professionals and remodeling-ready homeowners. NARI does this by reaching out to a diverse audience in a variety of formats including education, training, publications, events and programs.

The National Association of the Remodeling Industry brings together people who work in and with the remodeling industry, belonging and growing by learning from one another. As professionals we create an exceptional experience for the remodeling consumer.

The National Association of the Remodeling Industry is dedicated to being the best resource for knowledge and training in the remodeling industry.

From large projects to small, Window Design Center has the tools and experience to help you select the best windows and doors for your unique space

MCR/CR/CRS/CLC/CRC/GPC/UDCP

The certification of a remodeling contractor under the certification program of the National Association of the Remodeling Industry (NARI) is the association’s recognition that the contractor has met certain criteria for experience, committment to ethical conduct and professionalism.

Master Certified Remodeler (MCR): a CR of 10+ years who holds another NARI certification and has demonstrated leadership within NARI or within the local community.

Certified Remodeler (CR): a professional remodeler who provides a full range of remodeling services. Candi-dates must prove they possess skill and knowledge in a broad range of business management and technical skill areas.

Certified Remodeler Specialist (CRS): a professional remodeler who specializes in a specific type of work, such as concrete and masonry, electrical, insulation, mechanical systems, plumbing systems and roofing and siding.

Certified Lead Carpenter (CLC): a hands-on field pro who oversees the technical aspect of the project, in-cluding personnel management and material flow while working on the project.

Certified Remodeler Project Manager (CRPM): a pro who oversees every administrative aspect of the proj-ect: customer satisfaction, scheduling subcontractors, record-keeping, risk management, and much more. A CRPM may work full time on one project or oversee several at one time, depending on the scope.

Green Certified Professional (GCP): a pro who considers energy efficiency, sustainability and maximizing nature’s resources and energy in an efficient and responsible manner, both in the coduct of their business and in design and construction of a client’s remodeling project.

Universal Design Certified Professional (UDCP): a pro who handles renovations that are appealing not only for “aging in place,” but for anybody who wishes to move about his or her home freely, without barrier and without giving their home that “institutional” look. Families who have members with special needs also benefit from a UDCP.

www.testudoonline.com

Lead-based paint & asbestos testing are this firm's specialties, & scores of NARI members have entrusted Testudo to help kick off their remodeling projects since its founding in 2010. This firm believes keeping these two hazards in check — with accurate results & fast turnaround — is fundamental to any successful remodeling project to ensure homeowner safety, regulatory compliance & worker safety. What's more, Testudo offers remodeling contractors training for WI's Lead Safe Renovator & lead abatement certifications.
